

# POLLEN RIFF

## (Miraculous Health Food)

Pollen Riff is the excellent nutritious supplement to improve life and health of human body.

Pollen Riff is manufactured in Japan by using the main raw materials of the pollen essence extracted from 6 kinds of higher plants (Dandelion, Chrysanthemum, Indian corn, Rye, Pine and Parsley) which were cultivated by organic agricultural method in the nature of best environment in Sweden. So Pollen Riff is the synthetic supplement which contains with good balance the essential elements such as vitamin, mineral, amino acid, fatty acid, nucleic acid (DNA), enzyme, coenzyme, natural substance etc.

After several kinds of clinical experiments, Mr. Hiroshi Demura, MD. Ph. D, Professor Emeritus of Tokyo Women's Medical University, Mr. Per-Arne Öckerman, MD. Ph. D, Professor of Clinical Biochemistry Sweden and other associated doctors & professors have an understanding that in Pollen Riff, the high quality of protein which will inspire both activation of cerebrum/hypo-thalamus and formalization of hormone secretion, the glucide which will be energetic sources, the vitamin such as A, B, B6, C, E etc., the mineral necessary for metabolism, and the enzyme effective for cancer prevention etc., have been included.

In medical field, Pollen Riff is also used for treatment of hyper-trophy of prostate gland, displaying its effect.

As supplement, when eating Pollen Riff daily, energy will not only revive in fatigue body. but also vitality will also revive. In future, Pollen Riff will be spotlighted, more and more as synthetic supplement from many people who are suffering from hay fever, improvement of constitution, fortification of immunity and who are also wishing daily health.
